# Simple Slabs Using Molds

**Process**

- Use slabs of clay to create a plate, bowl, or platter
- Use a mold to create your pieces form (shape)
- Drape the slab over a mold
- Create intricate decorations and designs or textures (sculpted into the clay not drawn or painted on)

1. What are some materials you have access to that you can use as a mold?

_____	_____
_____	_____
_____	_____

**TURN OVER**

**4. Begin designing your Simple Slab Sculpture by creating AT LEAST 4 different preliminary design sketches.** Each design must show the following:

- a. Think about what you can use as a mold**
- b. What shape will your piece be?**
- c. What type of decoration or texture could you add in?**
